Translation

Your Excellency,

Following the request of Committee of The Prize of Brotherhood regarding Rev. Father Marian Żelazek and Bitarchha Madhusudhana Mahapatra that expressed in a letter of yours I hereby intend to pass to you my words of appreciation for the idea of the award which entails the genuine spirit of peace and friendship among people.

This outstanding example of friendship between priests of different religion, which has been exercised under God's Name for the service to thy neighbor, should be announced worldwide as an important piece of humanitarianism.

This friendship, which has overcome the prejudice and long lasting hostility that are galore in human relationships, ought to provide a commonly desired standard of human behavior.

It is my wish that the award be a stimulus toward expanding the circle of friendship and respect among the people of the world.

I kindly request, Your Excellency, to pass my best wishes and greetings to the Committee, in appreciation of their efforts undertaken,

Yours faithfully,

/ - / R Kaczorowski
